- The Principal Investigator will immediately report anything that might warrant review of ethical approval of the project.
- The Principal Investigator will notify the PU-IECHR of any event that requires a modification to the protocol or other project documents and submit any required amendments in accordance with the instructions provided by the PU-IECHR.
- The Principal Investigator will submit any necessary reports related to the safety of research participants.
- Approval will be contingent on obtaining NOC/necessary permissions from other hospitals and the DHA. Approvals and permissions from these institutes must be reported to ethics committee.
- The Principal Investigator will report to the PU-IECHR every 6 months in the specified format and notify the PU-IECHR when the project is completed (within 15 days of completion of project), in prescribed format available in the office of ethics committee
- The Coordinating Principal Investigator will notify the PU-IECHR if the project is discontinued before the expected completion date, with reasons provided.
- The Principal Investigator will notify the PU-IECHR of his inability to continue as Principal Investigator including the name of and contact information for a replacement.

Chairman,

Dr. Sandip Shah
