Details about the activity:

On 6th August 2024, 3rd MBBS students visited CHC Jarod with the faculties of Community Medicine as a part of MBBS curriculum. MBBS students must be aware about the public health care system including PHC, CHC, Subcenter etc. CHC centers are considered as the first referral point of the community to the health care system. It is necessary to understand CHC running pattern for the students and visit would be more helpful to understand the different aspects of the health center.

A visit was scheduled in their Clinical posting time table, prior necessary permission was also taken by the department. Students visited the place with one PG resident doctors who helped them to brief on the place. CHC situated at the Jarod village on Baroda-Halol Highway. CHC is situated in the middle of city area and is easily accessible to the population. CHC was functioning moderately busy when we entered. Patients were seen at the registration counter, OPD, laboratory, pharmacy. CHC was well ventilated and light source were appropriate. Walls of the CHC were fully equipped with the charts and the posters regarding the health programmes and health awareness.

Superintendent of the CHC gave brief introduction of the services and staff pattern. Students also observed the different parts of CHC including OPD, Ward, Laboratory, Vaccine storage, Pharmacy, dressing room etc. Medical officer also gave information about all the cases and about emergency which handled there. Students also visit specialist OPD running there. Shows the labour room and the post natal ward. There is separate Dialysis Unit there. Students also discussed about the dialysis unit functions and about the patients on dialysis with the staff who present there at that time.

Students takes the knowledge of common emergency conditions and how it is managed at the CHC level.

PARULUNIVERSITY

Benefits to Students: Better understanding of CHC centre, staff pattern, their function, Infrastructure etc. which was supplemented by visual effect.

Key Features of the event: Prior introduction of CHC was given to the students in the clinical posting. CHC in charge was contacted before head and necessary permissions were taken. Visit was facilitated by the PG resident doctors to help more briefing.

Venue: Community Health Centre – Jarod, Vadodara

Date: 06/08/2024

Time: 9:30 am to 12:00 pm

Outcome/Feedback:

MBBS students were satisfied with the visit and the teaching in the field with positive feedback.
