Details about the activity:

On 23rd August 2024, 3rd MBBS students visited UHC Navi Dharti with the faculties of Community Medicine as a part of MBBS curriculum. MBBS students must be aware about the public health care system including PHC, CHC, Subcenter etc. UHC centers are considered as the first contact point of the community to the health care system. It is necessary to understand UHC running pattern for the students and visit would be more helpful to understand the different aspects of the health center.

A visit was scheduled in their Clinical posting time table, prior necessary permission was also taken by the department. Students visited the place with one PG resident doctors who helped them to brief on the place. Navi Dharti is a part of Vadodara City. UHC is situated in the middle of city area and is easily accessible to the population. UHC was functioning moderately busy when we entered. Patients were seen at the registration counter, OPD, laboratory, pharmacy. UHC was well ventilated and light source were appropriate. Walls of the UHC were fully equipped with the charts and the posters regarding the health programmes and health awareness.

Medical Officer (MO) in charge of the UHC gave brief introduction of the services and staff pattern. Students also observed the different parts of UHC including OPD, Ward, Laboratory, Vaccine storage, Pharmacy, dressing room etc. Medical officer also gave information about all the government programmes ongoing which includes - mass deworming, NTEP- National Tuberculosis Elimination Program, NLCP- national leprosy control programme, NVBSCP- national vector borne disease control programme, NIDDCP- national iodine deficiency disorder control programme, Anaemia mukt bharat, and other non-communicable disease which mainly include hypertension and diabetes mellitus etc.

PARULUNIVERSITY

Benefits to Students: Better understanding of primary urban health centre, staff pattern, their function, Infrastructure etc. which was supplemented by visual effect.

Key Features of the event: Prior introduction of UHC was given to the students in the clinical posting. PHC in charge was contacted before head and necessary permissions were taken. Visit was facilitated by the PG resident doctors to help more briefing.

Venue: Urban Health Centre – Navi Dharti, Waghodia, Vadodara

Date: 23/08/2024

Time: 9:30 am to 12:00 pm

Outcome/Feedback:

MBBS students were satisfied with the visit and the teaching in the ward with positive feedback.
